It also supports speed maps and can be useful when creating large-scale, overdrawn landscapes with a lot of foliage. ■ Soundtrack I created a soundtrack for Disperse that can be found at ■ Disperse Disperse is a free, open source, 2D graphics editor for Photoshop, Gimp, Pixlr-o-matic, and other standard image editors. Disperse supports Photoshop CS6, CS5, CS4, CS3 and CS2. Disperse is not an ordinary texture tool. Disperse's goal is to extend and compliment Photoshop's 2D tools. There are no separate brushes, no separate layers, no separate effects and absolutely no work in progress. For the most part, Disperse is completely plug-in independent. Disperse runs in tandem with Photoshop, Gimp, or any other image editor. Disperse is for
